CLAUSES INCORPORATED BY FULL TEXT

52.000-4008 SMALL BUSINESS SET ASIDE REQUIREMENTS FOR DREDGING (OCT 2000)

A. The terms 'dredging' and 'dredging equipment' are defined for the purposes of interpreting the Small Business Size Standard for Construction and Special Trades as found in the North American Industry Classification System (NAICS) Manual (available via the Internet at <http://www.census.gov/epcd/www/naics.html>), which best describes the principal natures of the product or service being acquired.

B. 'Dredging' is defined as the excavation of material from the bottom of the waterbody and its transportation to a designated disposal site by the use of 'dredging equipment'.

C. 'Dredging Equipment' is defined as follows:

(1) For purposes of hydraulic dredging, dredging equipment consists of the dredge, its attendant plant and the pipeline (including any intermediate pumping units) used to transport the dredged slurry to the disposal site or sites.

(2) For purposes of mechanical dredging, dredging equipment consists of a clamshell, dragline, backhoe, bucket ladder or other mechanical excavation equipment on a barge or other suitable floating plant and the barges and tenders used to transport the dredged spoil to shore.

(3) To comply with the Small Business requirement set forth at note (1) of Small Business Size Standard for Construction and Special Trades, the small business prime contractor must excavate 40% of the total yardage to be dredged AND transport 40% of the total yardage to be dredged with dredging equipment owned by the prime contractor or dredging equipment owned by another small dredging concern.

(END of CLAUSE)

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to (a) commence work under this contract within **10** (Contracting Officer insert number) calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than **May 31, 2001**.^{*} The time stated for completion shall include final cleanup of the premises.

^{*}The Contracting Officer shall specify either a number of days after the date the contractor receives the notice to proceed, or a calendar date.

(End of clause)

52.213-4 TERMS AND CONDITIONS--SIMPLIFIED ACQUISITIONS (OTHER THAN COMMERCIAL ITEMS) (JUL 2000)

(a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses that are incorporated by reference:

(1) The clauses listed below implement provisions of law or Executive order:

(i) 52.222-3, Convict Labor (Aug 1996) (E.O. 11755).

(ii) 52.225-13, Restrictions on Certain Foreign Purchases (July 2000) (E.O.'s 12722, 12724, 13059, 13067, 13121, and 13129).

(iii) 52.233-3, Protest After Award (Aug 1996) (31 U.S.C. 3553).

(2) Listed below are additional clauses that apply:

(i) 52.232-1, Payments (Apr 1984).

(ii) 52.232-8, Discounts for Prompt Payment (May 1997).

(iii) 52.232-11, Extras (Apr 1984).

(iv) 52.232-25, Prompt Payment (Jun 1997).

(v) 52.233-1, Disputes (Dec 1998).

(vi) 52.244-6, Subcontracts for Commercial Items and Commercial Components (Oct 1998).

(vii) 52.253-1, Computer Generated Forms (Jan 1991).

(b) The Contractor shall comply with the following FAR clauses, incorporated by reference, unless the circumstances do not apply:

(1) The clauses listed below implement provisions of law or Executive order:

(i) 52.222-20, Walsh-Healey Public Contracts Act (DEC 1996) (41 U.S.C. 35-45) (Applies to supply contracts over \$10,000 in the United States).

(ii) 52.222-26, Equal Opportunity (FEB 1999) (E.O. 11246) (Applies to contracts over \$10,000).

(iii) 52.222-35, Affirmative Action for Disabled Veterans and Veterans of the Vietnam Era (APR 1984) (38 U.S.C. 4212) (Applies to contracts over \$10,000).

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (APR 1984) (29 U.S.C. 793) (Applies to contracts over \$10,000).

(v) 52.222-37, Employment Reports on Disabled Veterans and Veterans of the Vietnam Era (JAN 1999) (38 U.S.C. 4212) (Applies to contracts over \$10,000).

(vi) 52.222-41, Service Contract Act, As Amended (May 1989) (41 U.S.C. 351, et seq.) (Applies to services performed on Federal facilities).

(vii) 52.223-5, Pollution Prevention and Right-to-Know Information (APR 1998) (E.O. 12856) (Applies to services performed on Federal facilities).

(viii) 52.225-1, Buy American Act--Balance of Payments Program--Supplies (Feb 2000) (41 U.S.C. 10a-10d) (Applies to contracts for supplies, and to contracts for services involving the furnishing of supplies, for use within the United States if the value of the supply contract or supply portion of a service contract exceeds the micro-purchase threshold and the acquisition--

(A) Is set aside for small business concerns; or

(B) Cannot be set aside for small business concerns (see 19.502-2), and does not exceed \$25,000.)

(ix) 52.232-33, Payment by Electronic Funds Transfer--Central Contractor Registration (May 1999). (Applies when the payment will be made by electronic funds transfer (EFT) and the payment office uses the Central Contractor Registration (CCR) database as its source of EFT information.)

(x) 52.232-34, Payment by Electronic Funds Transfer--Other than Central Contractor Registration (May 1999). (Applies when the payment will be made by EFT and the payment office does not use the CCR database as its source of EFT information.)

(2) Listed below are additional clauses that may apply:

(i) 52.209-6, Protecting the Government's Interest When Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment (JULY 1995) (Applies to contracts over \$25,000).

(ii) 52.211-17, Delivery of Excess Quantities (SEPT 1989) (Applies to fixed-price supplies).

(iii) 52.247-29, F.o.b. Origin (JUN 1988) (Applies to supplies if delivery is f.o.b. origin).

(iv) 52.247-34, F.o.b. Destination (NOV 1991) (Applies to supplies if delivery is f.o.b. destination).

(c) FAR 52.252-2, Clauses Incorporated by Reference (FEB 1998). This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<http://www.arnet.gov/far>

(d) Inspection/Acceptance. The Contractor shall tender for acceptance only those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its postacceptance rights--

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(e) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(f) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that the Contractor can demonstrate to the satisfaction of the Government, using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(g) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(h) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(End of clause)

(a) Definition.

"Small business concern," as used in this clause, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(b) General. (1) Offers are solicited only from small business concerns. Offers received from concerns that are not small business concerns shall be considered nonresponsive and will be rejected.

(2) Any award resulting from this solicitation will be made to a small business concern.

(c) Agreement. A small business concern submitting an offer in its own name agrees to furnish, in performing the contract, only end items manufactured or produced by small business concerns in the United States. The term "United States" includes its territories and possessions, the Commonwealth of Puerto Rico, the Trust Territory of the Pacific Islands, and the District of Columbia. If this procurement is processed under simplified acquisition procedures and the total amount of this contract does not exceed \$25,000, a small business concern may furnish the product of any domestic firm. This paragraph does not apply in connection with construction or service contracts.

(End of clause)

52.225-9 BUY AMERICAN ACT--BALANCE OF PAYMENTS PROGRAM--CONSTRUCTION MATERIALS (FEB 2000)

(a) Definitions. As used in this clause--

Component means any article, material, or supply incorporated directly into construction materials.

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means--

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the end product.

Domestic construction material means--

(1) An unmanufactured construction material mined or produced in the United States; or

(2) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.

Foreign construction material means a construction material other than a domestic construction material.

United States means the 50 States and the District of Columbia, U.S. territories and possessions, Puerto Rico, the Northern Mariana Islands, and any other place subject to U.S. jurisdiction, but does not include leased bases.

(b) Domestic preference. (1) This clause implements the Buy American Act (41 U.S.C. 10a-10d) and the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to the construction material or components listed by the Government as follows: none [Contracting Officer to list applicable excepted materials or indicate "none"]

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent. For determination of unreasonable cost under the Balance of Payments Program, the Contracting Officer will use a factor of 50 percent;

(ii) The application of the restriction of the Buy American Act or Balance of Payments Program to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American Act or Balance of Payments Program. (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including--

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American Act or Balance of Payments Program applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American Act or Balance of Payments Program applies, use of foreign construction material is noncompliant with the Buy American Act or Balance of Payments Program.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars) \1\
Item 1			
Foreign construction material....			
Domestic construction material...			
Item 2			
Foreign construction material....			
Domestic construction material...			

Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).

List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.

Include other applicable supporting information.

(End of clause)

52.228-13 ALTERNATIVE PAYMENT PROTECTIONS (JULY 2000)

(a) The Contractor shall submit one of the following payment protections:

1. A PAYMENT BOND. 2. IRREVOCABLE LETTER OF CREDIT. 3. A TRIPARTITE ESCROW AGREEMENT 4. A CERTIFICATE OF DEPOSIT. 5. A DEPOSIT OF THE TYPES OF SECURITY LISTED AT FAR 28.204.

(b) The amount of the payment protection shall be 100 percent of the contract price.

(c) The submission of the payment protection is required within 10 days of contract award.

(d) The payment protection shall provide protection for the full contract performance period plus a one-year period.

(e) Except for escrow agreements and payment bonds, which provide their own protection procedures, the Contracting Officer is authorized to access funds under the payment protection when it has been alleged in writing

by a supplier of labor or material that a nonpayment has occurred, and to withhold such funds pending resolution by administrative or judicial proceedings or mutual agreement of the parties.

(f) When a tripartite escrow agreement is used, the Contractor shall utilize only suppliers of labor and material that signed the escrow agreement.

52.236-3 SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK (APR 1984)

(a) The Contractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including but not limited to

(1) conditions bearing upon transportation, disposal, handling, and storage of materials;

(2) the availability of labor, water, electric power, and roads;

(3) uncertainties of weather, river stages, tides, or similar physical conditions at the site;

(4) the conformation and conditions of the ground; and (5) the character of equipment and facilities needed preliminary to and during work performance. The Contractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by the Government, as well as from the drawings and specifications made a part of this contract. Any failure of the Contractor to take the actions described and acknowledged in this paragraph will not relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the Government.

(b) The Government assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available by the Government. Nor does the Government assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

52.236-5 MATERIAL AND WORKMANSHIP (APR 1984)

(a) All equipment, material, and articles incorporated into the work covered by this contract shall be new and of the most suitable grade for the purpose intended, unless otherwise specifically provided in this contract. References in the specifications to equipment, material, articles, or patented processes by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of the Contracting Officer, is equal to that named in the specifications, unless otherwise specifically provided in this contract.

(b) The Contractor shall obtain the Contracting Officer's approval of the machinery and mechanical and other equipment to be incorporated into the work. When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the machinery and mechanical and other equipment. When required by this contract or by the Contracting Officer, the Contractor shall also obtain the Contracting Officer's approval of the material or articles which the Contractor contemplates incorporating into the work. When requesting approval, the Contractor shall provide full information concerning the material or articles. When directed to do so, the Contractor shall submit samples for approval at the Contractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles that do not have the required approval shall be installed or used at the risk of subsequent rejection.

(c) All work under this contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require, in writing, that the Contractor remove from the work any employee the Contracting Officer deems incompetent, careless, or otherwise objectionable.

52.236-12 CLEANING UP (APR 1984)

The Contractor shall at all times keep the work area, including storage areas, free from accumulations of waste materials. Before completing the work, the Contractor shall remove from the work and premises any rubbish, tools, scaffolding, equipment, and materials that are not the property of the Government. Upon completing the work, the Contractor shall leave the work area in a clean, neat, and orderly condition satisfactory to the Contracting Officer.

52.236-13 ACCIDENT PREVENTION (NOV 1991)

(a) The Contractor shall provide and maintain work environments and procedures which will

(1) safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to Contractor operations and activities;

(2) avoid interruptions of Government operations and delays in project completion dates; and

(3) control costs in the performance of this contract.

(b) For these purposes on contracts for construction or dismantling, demolition, or removal of improvements, the Contractor shall-

(1) Provide appropriate safety barricades, signs, and signal lights;

(2) Comply with the standards issued by the Secretary of Labor at 29 CFR Part 1926 and 29 CFR Part 1910; and

(3) Ensure that any additional measures the Contracting Officer determines to be reasonably necessary for the purposes are taken.

(c) If this contract is for construction or dismantling, demolition or removal of improvements with any Department of Defense agency or component, the Contractor shall comply with all pertinent provisions of the latest version of U.S. Army Corps of Engineers Safety and Health Requirements Manual, EM 385-1-1, in effect on the date of the solicitation.

(d) Whenever the Contracting Officer becomes aware of any noncompliance with these requirements or any condition which poses a serious or imminent danger to the health or safety of the public or Government personnel, the Contracting Officer shall notify the Contractor orally, with written confirmation, and request immediate initiation of corrective action. This notice, when delivered to the Contractor or the Contractor's representative at the work site, shall be deemed sufficient notice of the noncompliance and that corrective action is required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to promptly take corrective action, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any stop work order issued under this clause.

(e) The Contractor shall insert this clause, including this paragraph (e), with appropriate changes in the designation of the parties, in subcontracts.

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any FAR (48 CFR 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

252.204-7004 REQUIRED CENTRAL CONTRACTOR REGISTRATION.(MAR 2000)

(a) Definitions.

As used in this clause--

(1) Central Contractor Registration (CCR) database means the primary DoD repository for contractor information required for the conduct of business with DoD.

(2) Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet Information Services to identify unique business entities.

(3) Data Universal Numbering System +4 (DUNS+4) number means the DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned by a parent (controlling) business concern. This 4-digit suffix may be assigned at the discretion of the parent business concern for such purposes as identifying subunits or affiliates of the parent business concern.

(4) Registered in the CCR database means that all mandatory information, including the DUNS number or the DUNS+4 number, if applicable, and the corresponding Commercial and Government Entity (CAGE) code, is in the CCR database; the DUNS number and the CAGE code have been validated; and all edits have been successfully completed.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation, except for awards to foreign vendors for work to be performed outside the United States.

(2) The offeror shall provide its DUNS or, if applicable, its DUNS+4 number with its offer, which will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(3) Lack of registration in the CCR database will make an offeror ineligible for award.

(4) DoD has established a goal of registering an applicant in the CCR database within 48 hours after receipt of a complete and accurate application via the Internet. However, registration of an applicant submitting an application through a method other than the Internet may take up to 30 days. Therefore, offerors that are not registered should consider applying for registration immediately upon receipt of this solicitation.

(c) The Contractor is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to confirm on an annual basis that its information in the CCR database is accurate and complete.

(d) Offerors and contractors may obtain information on registration and annual confirmation requirements by calling 1-888-227-2423, or via the Internet at <http://www.ccr2000.com>.

SECTION K Representations, Certifications and Other Statements of Offerors

CLAUSES INCORPORATED BY FULL TEXT

52.219-1 SMALL BUSINESS PROGRAM REPRESENTATIONS (OCT 2000) ALTERNATE I (OCT 2000)

(a)(1) The North American Industry Classification System (NAICS) code for this acquisition is 234990 [insert SIC code].

(2) The small business size standard is \$17.0M [insert size standard].

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b) Representations. (1) The offeror represents as part of its offer that it () is, () is not a small business concern.

(2) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents, for general statistical purposes, that it () is, () is not a small disadvantaged business concern as defined in 13 CFR 124-1002.

(3) (Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.) The offeror represents as part of its offer that it () is, () is not a women-owned small business concern.

(4) [Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.] The offeror represents as part of its offer that it [] is, [] is not a veteran-owned small business concern.

(5) [Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (b)(4) of this provision.] The offeror represents as part of its offer that it [] is, [] is not a service-disabled veteran-owned small business concern.

(6) [Complete only if offeror represented itself as a small business concern in paragraph (b)(1) of this provision.] The offeror represents, as part of its offer, that--

(i) It ____ is, ____ is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material change in ownership and control, principal office, or HUBZone employee percentage has occurred since it was certified by the Small Business Administration in accordance with 13 CFR Part 126; and

(ii) It ____ is, ____ is not a joint venture that complies with the requirements of 13 CFR Part 126, and the representation in paragraph (b)(6)(i) of this provision is accurate for the HUBZone small business concern or concerns that are participating in the joint venture. [The offeror shall enter the name or names of the HUBZone small business concern or concerns that are participating in the joint venture: _____.] Each HUBZone small business concern participating in the joint venture shall submit a separate signed copy of the HUBZone representation.

(c) Service-disabled veteran-owned small business concern--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern," as used in this provision, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and the size standard in paragraph (a) of this provision.

Small disadvantaged business concern, as used in this provision, means a small business concern that (1) is at least 51 percent unconditionally owned by one or more individuals who are both socially and economically disadvantaged, or a publicly owned business having at least 51 percent of its stock unconditionally owned by one or more socially and economically disadvantaged individuals, and (2) has its management and daily business controlled by one or more such individuals. This term also means a small business concern that is at least 51 percent unconditionally owned by an economically disadvantaged Indian tribe or Native Hawaiian Organization, or a publicly owned business having at least 51 percent of its stock unconditionally owned by one or more of these entities, which has its management and daily business controlled by members of an economically disadvantaged Indian tribe or Native Hawaiian Organization, and which meets the requirements of 13 CFR Part 124.

Veteran-owned small business concern means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

(d) Notice. (1) If this solicitation is for supplies and has been set aside, in whole or in part, for small business concerns, then the clause in this solicitation providing notice of the set-aside contains restrictions on the source of the end items to be furnished.

(2) Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a small, HUBZone small, small disadvantaged, or women-owned small business concern in order to obtain a contract to be awarded under the preference programs established pursuant to section 8(a), 8(d), 9, or 15 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, shall--

(i) Be punished by imposition of fine, imprisonment, or both;

(ii) Be subject to administrative remedies, including suspension and debarment; and

(iii) Be ineligible for participation in programs conducted under the authority of the Act.

(End of provision)

52.226-2 HISTORICALLY BLACK COLLEGE OR UNIVERSITY AND MINORITY INSTITUTION REPRESENTATION (MAY 1997)

(a) Definitions. As used in this provision--

"Historically Black College or University" means an institution determined by the Secretary of Education to meet the requirements of 34 CFR 608.2. For the Department of Defense, the National Aeronautics and Space Administration, and the Coast Guard, the term also includes any nonprofit research institution that was an integral part of such a college or university before November 14, 1986.

"Minority Institution" means an institution of higher education meeting the requirements of Section 1046(3) of the Higher Education Act of 1965 (20 U.S.C. 1135d-5(3)) which, for the purpose of this provision, includes a Hispanic-serving institution of higher education as defined in Section 316(b)(1) of the Act (20 U.S.C. 1059c(b)(1)).

(b) Representation. The offeror represents that it--

() is () is not a Historically Black College or University;

() is () is not a Minority Institution.

CLAUSES INCORPORATED BY FULL TEXT

52.204-6 DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBER (JUN 99)

(a) Contractor identification is essential for complying with statutory contract reporting requirements. Therefore, the offeror is requested to enter, in the block with its name and address on the Standard Form 33 or similar document, the annotation "DUNS" followed by the DUNS number which identifies the offeror's name and address exactly as stated in the offer.

(b) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. A DUNS number will be provided immediately by telephone at no charge to the offeror. For information on obtaining a DUNS number, the offeror, if located within the United States, should call Dun and Bradstreet at 1-800-333-0505. The offeror should be prepared to provide the following information:

- (1) Company name.
- (2) Company address.
- (3) Company telephone number.
- (4) Line of business.
- (5) Chief executive officer/key manager.
- (6) Date the company was started.
- (7) Number of people employed by the company.
- (8) Company affiliation.

(c) Offerors located outside the United States may obtain the location and phone number of the local Dun and Bradstreet Information Services office from the Internet Home Page at <http://www.customerservice@dnb.com/>. If an offeror is unable to locate a local service center, it may send an e-mail to Dun and Bradstreet at globalinfo@dnb.com.

(End of provision)

52.236-28 PREPARATION OF PROPOSALS--CONSTRUCTION (OCT 1997)

(a) Proposals must be (1) submitted on the forms furnished by the Government or on copies of those forms, and (2) manually signed. The person signing a proposal must initial each erasure or change appearing on any proposal form.

(b) The proposal form may require offerors to submit proposed prices for one or more items on various bases, including--

(1) Lump sum price;

(2) Alternate prices;

(3) Units of construction; or

(4) Any combination of paragraphs (b)(1) through (b)(3) of this provision.

(c) If the solicitation requires submission of a proposal on all items, failure to do so may result in the proposal being rejected without further consideration. If a proposal on all items is not required, offerors should insert the words "no proposal" in the space provided for any item on which no price is submitted.

(d) Alternate proposals will not be considered unless this solicitation authorizes their submission.

(End of provision)

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

<http://www.arnet.gov/far>

52.252-5 AUTHORIZED DEVIATIONS IN PROVISIONS (APR 1984)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any FAR (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

POOL 8 DRAWDOWN

EXCAVATION OF ENGH'S CHANNEL SITE

PART 1 GENERAL

1.1 SCOPE

This project consists of dredging material from a single location in Pool 8 of the Upper Mississippi River in preparation for a planned pool drawdown. The limits of work for the site to be dredged are defined in the contract drawings. Descriptions of the dredging site and dredge material placement sites are included in this scope of work in paragraphs 3.5 and 3.6, and associated subparagraphs.

1.2 APPLICABLE PUBLICATIONS

The publications listed below form a part of this specification to the extent referenced. The publications are referred to in the text by basic designation only.

U.S. Army Corps of Engineers, Engineering Manual (EM)

EM 385-1-1 Safety and Health Requirements Manual,
September 1996.

46 CFR Code of Federal Regulations

1.3 SUBMITTALS

The following shall be submitted as specified:

Sounding Records

Four copies of the Contractor's post dredge sounding records shall be submitted to the Contracting Officer within 7 days following completion of dredging at the site.

Work Plan

Four copies of the Contractor's work plan shall be submitted to the Contracting Officer 7 days prior to the beginning of physical work. The work plan shall include the sequence of work, planned disposal locations, equipment and personnel required, method of dredging and an approximate work schedule. Any changes to the accepted work plan shall be coordinated with the Contracting Officer.

Accident Prevention Plan

Four copies of the Contractor's Accident Prevention Plan shall be submitted to the Contracting Officer 7 days prior to the beginning of physical work. The Accident Prevention Plan shall be site specific and shall comply with the requirements of EM 385-1-1, Appendix A.

Environmental Protection Plan

Four copies of the Contractor's Environmental Protection Plan shall be submitted to the Contracting Officer 7 days prior to the beginning of physical work. The plan shall detail the Contractor's procedures for complying with all applicable Federal, State and local laws and regulations concerning environmental protection and pollution control and abatement, as well as the additional specific requirements of this contract.

Permits

One copy of each permit obtained by the Contractor shall be submitted to the Contracting Officer 7 days prior to the beginning of physical work.

Daily Quality Control Report

One copy of the Contractor's Daily Quality Control Report shall be submitted to the Contracting Officer as required in paragraph 1.4.1 Quality Control Records.

1.4 QUALITY CONTROL

The Contractor shall establish and maintain a quality control system to assure compliance with the requirements of this contract. Records shall be kept and maintained of quality control performed for all work under this contract. The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract to include preparatory and initial inspections for dredging and disposal operations.

1.4.1 Quality Control Records

Complete records of the inspection work performed by the Contractor shall be maintained and made available to the Government during the life of this contract. A Daily Quality Control Report shall be furnished to the Contracting Officer each calendar day work is performed. This report shall include, but not be limited to, the following:

- a. Weather conditions
- b. Inspections and tests
- c. Problems identified
- d. Corrective actions taken
- e. Written / verbal instructions from Government personnel
- f. Contractor's personnel on site
- g. Contractor's equipment on site

1.5 SPILL CONTROL PLAN

The Contractor shall include as part of the Environmental Protection Plan, a spill control plan. The plan shall include the procedures, instruction and reports to be used in the event of an unforeseen spill of a substance

regulated by the Emergency Response and Community Right-to-know Act or regulated under State or local laws or regulations. The spill control plan supplements the requirements of EM 385-1-1.

1.6 SPECIAL ENVIRONMENTAL PROTECTION REQUIREMENTS

1.6.1 Protection of Water Resources

The Contractor shall keep construction activities under surveillance, management and control to avoid pollution of surface and ground waters.

1.6.2 Protection of Fish and Wildlife Facilities

The Contractor shall keep construction activities under surveillance, management and control to minimize interference with, disturbance to and damage of fish and wildlife facilities.

1.6.3 Fuels and Lubricants

Fueling and lubrication of equipment and motor vehicles shall be conducted in a manner that affords the maximum protection against spills and evaporation. Lubricants and waste oil to be discarded shall be stored in marked corrosion-resistant containers and recycled or disposed in accordance with Federal, State and local laws and regulations

1.6.4 Sewage and Bilge Water Disposal

The Contractor's methods for disposal of sanitary sewage and bilge water accumulated aboard floating plant equipment shall meet applicable Federal, State and local requirements.

1.7 Wisconsin Diggers Hotline

For contract work performed within the State of Wisconsin, the Contractor shall meet the requirements of the Wisconsin Statute 182.0175 "Damage to Transmission Facilities. The Wisconsin Diggers Hotline notification center telephone numbers are:

Hotline	800-242-8511
Main Office	414-259-0676

1.8 Permits

The Government has obtained the necessary dredging permits. The Contractor is responsible for obtaining all additional State and Local permits. Copies of all permits obtained by the Contractor shall be submitted to the Contracting Officer. A permit will be required from the Wisconsin Department of Transportation for work performed on or from highway right of way. Additional permits may be required for haul routes. For all permits, the Contractor shall be the sole permittee and shall be responsible for meeting all obligations of the permits.

1.9 MEASUREMENT AND PAYMENT

The work of this purchase order will be measured for payment as follows:

1.9.1 Mobilization and demobilization

Mobilization and demobilization will not be measured for payment. All costs associated with mobilization and demobilization shall be included in the price bid for dredging.

1.9.2 Dredging

Dredging shall be paid on a job basis, complete. Dredging locations will be clear swept to the identified project depth. The Contractor shall account for any overdepth dredging necessary to attain a clear swept condition in the price bid for dredging. Payment under this item shall include all costs for dredging and satisfactory placement of material in the placement area. Payment under this item will also include transportation of material between the dredge site and the placement site(s).

1.9.2.1 Soundings and Determination of Dredging Quantities

The contract drawing indicates the general location of the dredge cut. Soundings have not been taken by the Government to determine the extent of dredging required at the site. The Contractor is required to dredge the entire area within the defined cut that is shallower than the specified dredging depth, (unless otherwise shown). Post-dredging soundings shall be made by the Contractor within 48 hours after completion of dredging at the site to assure that the designated cut area was dredged to the project depth. In the event the post-dredge soundings show the Contractor has not met the contract requirements, the Government will require the Contractor, at no additional cost to the Government for transportation of plant, to return to the dredge site to complete the work. The Contractor shall submit 1 copy of the post dredge sounding data to the Contracting Officer within 7 calendar days of completion of the dredge cut.

1.10 BIDDING SCHEDULE ITEMS

Bidding schedule items applicable to the work of this section are as follows:

Item	(Unit)
Genoa Site	(JB)

PART 2 PRODUCTS (Not Applicable)

PART 3 EXECUTION

3.1 GENERAL

3.1.1 Definitions

3.1.1.1 Plant

Plant is all marine and land based equipment necessary to accomplish the work.

3.1.1.3 Project Depth

Project depth refers to the dredging depth below the low control point (LCP) and is referenced to mean sea level datum, 4th general adjustment of U.S. level network of 1912.

3.1.2 Government Provided Dredge Cut Control Data

The Government will not provide the Contractor with control information for the dredge cut. The control information provided for the dredge cut is limited to the approximate location shown on the drawing.

3.1.3 Regulations and Licensing Requirements

Floating plant equipment and personnel shall comply with the applicable U.S. Coast Guard regulations and licensing requirements. Floating plant equipment shall meet the applicable requirements of 46 CFR Chapter 1 Subchapter E and 46 CFR 44.05-10. All land based and floating plant equipment and personnel shall comply with the applicable requirements of EM 385-1-1.

3.1.4 Safety

When wheeled or tracked equipment is operated on floating plant, adequate safeguards shall be installed to prevent it from moving off the floating plant in to the water. Such a safeguard shall be a bumper or curb with a minimum height of one-third of the outside diameter of the largest wheel, or shall be a barge tied alongside. Other safeguards may be used if approved.

3.2 PLANT

3.2.1 General

Plant shall be subject to the inspection of the Contracting Officer at all times. Control of the plant with regards to work days, location of work, and work to be accomplished, including the safe and efficient operation of plant lies with the Contractor.

3.2.2 Dredging Equipment

Dredging equipment shall be clamshell, dragline, backhoe, bucket-ladder, or other suitable mechanical equipment.

3.2.3 Contractor Furnished Boat (Not Used)

3.2.4 Land Based Plant

The Contractor shall provide land based plant to load and unload materials and maintain placement sites. Plant shall be capable of transporting material as required, and placing and shaping material as directed.

3.3 MATERIALS

The material to be dredged is composed primarily of silt, sand and gravel. Loose ledge rock, boulders, stumps, and other miscellaneous debris may occur at various sites. The type of materials encountered may require an adjustment in placement methods and equipment. The Government will not pay any additional costs associated with placement of these materials.

3.3.1 Contaminated Dredge Material

The Contractor shall insure that contaminated dredged material is placed in the placement areas in such a manner as to preclude return of run-off water to the river.

3.4 PROJECT DEPTH, OVERDEPTH, AND SIDE SLOPES

The actual depth to which a particular site will be dredged is shown on the drawings. The dredging face may vary from 0 feet to 2 feet in various portions of the cut area. Variations in dredging faces shall not be a basis for claims.

3.4.1 Overdepth excavation

Overdepth excavation will not be measured for payment.

3.4.2 Side Slopes

The Contractor shall dredge to the widths shown. All side slopes resulting from sloughing at the edge of cuts shall be outside of the limits shown.

3.5 DREDGING SITE

The general location of the dredging site is shown on plate 1. A description of the dredging site and the specific dredging requirements at the site are as follows.

3.5.1 Genoa Site (G1)

This site is located approximately 2000 feet upstream of Lock and Dam 8. The requirements at this site are to excavate a 15-foot wide channel to elevation 626.0 as shown on plate 1. The estimated dredging requirements at this site are 300 to 400 cubic yards.

3.5.1.1 Reach Between Railroad and Highway 35

All material excavated from the channel in the reach between the railroad and Highway 35 shall be placed in Placement Site B. This material may be temporarily stockpiled on the upland or grassy area riverward of the Highway 35 guard rail. If this temporary stockpile area is used, the material must be removed from the stockpile area within the same working day. Access to the south side of the creek for dredging equipment is available through the Cities waste treatment plant property. Temporary fill consisting of clean sand can be placed in the water on the south side of the creek between the railroad bridge and Highway 35 to create a working platform for excavation equipment. At the completion of the work, all such temporary fill must be removed and placed in Placement Site B.

3.5.1.2 Reach Upstream of Highway 35

Material excavated from the channel upstream of Highway 35 may be placed in Placement Sites B and/or C. Access to the south side of the creek for

excavation equipment across Genoa City park land will be allowed. The route will be determined in the field at the time of construction based on site conditions. Placement site A may be used to temporarily stockpile material prior to transfer to site B.

3.6 PLACEMENT OF DREDGED MATERIAL

3.6.1 General

Placement of dredged material in the specified placement sites shall be in accordance with the Federal and State permits obtained by the Government.

3.6.2 Placement of Dredge Material

Dredged material shall be placed in a location approved by the Contracting Officer. Dredge material shall not be rehandled in the water unless directed by the Contracting Officer. Direct unloading of barges is mandatory. Material shall be placed in placement areas above the normal high water line to minimize the return of sluice and run-off water to the river. Material spilled in the water during unloading operations shall be removed and placed as specified above.

3.6.2.1 Government specified placement sites

The Contractor shall be responsible for preparation of the placement sites as necessary for equipment access, construction of any berms necessary to contain dredge material, and maintenance of the Government specified placement sites. Maintenance shall include preservation of existing dikes and berms. All dredge material piles shall be free draining and shall be finished to a uniform surface free from mounds and windrows. Upon completion of placement operations the Contractor shall restore the ground area outside the sites to their preconstruction conditions. It is the responsibility of the Contractor to insure that the access is adequate. If work is necessary to obtain access to the placement sites it will not be measured for payment, and will be the responsibility of the contractor.

Placement Site A -

The approximate location of Placement Site A is shown on plate 1. This site is approved and available for temporary placement of dredged material from the channel area upstream of Highway 35. The following conditions apply to use of this site:

- a. The site may be used for mechanically dredged material only. This site cannot be used for the placement of hydraulically dredged material.
- b. The material shall be stockpiled on the site within an area designated by the Government.

Placement Site B -

The approximate location of Placement Site B is shown on plate 1. This site is approved and available for placement of dredged material from the channel area between the railroad and Highway 35. The following conditions apply to use of this site:

- a. The site may be used for mechanically dredged material only. This site cannot be used for the placement of hydraulically dredged material.
- b. The material shall be stockpiled on the site within an area designated by the Government.
- c. The material shall be graded and seeded upon completion.

Placement Site C -

The approximate location of Placement Site C is shown on plate 1. This site is approved and available for placement of dredged material from the channel area between the railroad and Highway 35. The following conditions apply to use of this site:

- a. The site may be used for mechanically dredged material only. This site cannot be used for the placement of hydraulically dredged material.
- b. The material shall be stockpiled on the site within an area designated by the Government.
- c. Dredged material can not be temporarily stockpiled or otherwise placed in the wetland area between the creek and Placement Site C.
- d. Haul routes to Placement Site C shall be coordinated with the City of Genoa. Hauling material across the Cities park will not be allowed.
- e. For fill left at this site, the final graded surface elevation shall not be more than 1 foot above the surrounding topography.
- f. The area shall be graded and seeded upon completion unless documentation is provided to the Contracting Officer showing that the City of Genoa does not want the area graded and seeded.

3.6.2.2 Contractor furnished placement sites

If the Contractor elects to furnish its own dredge material placement sites it shall provide the Contracting Officer with a list indicating the location of each site at least 14 calendar days before commencement of work at each site. The Contractor shall also provide written agreement from the landowner stating approval and conditions of placement. Such agreement shall relieve the Government of all responsibility for damages. The Contractor shall be responsible for obtaining all Federal, State, and local permits for Contractor furnished placement sites, and such sites must be approved by the Contracting Officer prior to placement. The Government will not pay any additional costs associated with Contractor furnished placement sites. Material deposited in a Contractor furnished placement site becomes the Contractor's property.

3 =====		
4		
5 Unlisted classifications needed for work not included within		
6 the scope of the classifications listed may be added after		
7 award only as provided in the labor standards contract clauses		
8 (29 CFR 5.5(a)(1)(v)).		
9 -----		
0 In the listing above, the "SU" designation means that rates		
1 listed under that identifier do not reflect collectively		
2 bargained wage and fringe benefit rates. Other designations		
3 indicate unions whose rates have been determined to be		
4 prevailing.		
5		
6 WAGE DETERMINATION APPEALS PROCESS		

7
8 1.) Has there been an initial decision in the matter? This can
9 be:
0
1 * an existing published wage determination
2 * a survey underlying a wage determination
3 * a Wage and Hour Division letter setting forth a
4 position on a wage determination matter
5 * a conformance (additional classification and rate)
6 ruling
7
8 On survey related matters, initial contact, including requests
9 for summaries of surveys, should be with the Wage and Hour
0 Regional Office for the area in which the survey was conducted
1 because those Regional Offices have responsibility for the
2 Davis-Bacon survey program. If the response from this initial
3 contact is not satisfactory, then the process described in 2.)
4
5 and 3.) should be followed.
6
7 With regard to any other matter not yet ripe for the formal
8 process described here, initial contact should be with the Branch
9 of Construction Wage Determinations. Write to:
0
1 Branch of Construction Wage Determinations
2 Wage and Hour Division
3 U. S. Department of Labor
4 200 Constitution Avenue, N. W.
5 Washington, D. C. 20210
6
7 2.) If the answer to the question in 1.) is yes, then an
8 interested party (those affected by the action) can request
9 review and reconsideration from the Wage and Hour Administrator
0 (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:
1
2 Wage and Hour Administrator
3 U.S. Department of Labor
4 200 Constitution Avenue, N. W.
5 Washington, D. C. 20210
6
7 The request should be accompanied by a full statement of the
8 interested party's position and by any information (wage payment
9 data, project description, area practice material, etc.) that the
0 requestor considers relevant to the issue.
1
2 3.) If the decision of the Administrator is not favorable, an
3 interested party may appeal directly to the Administrative Review
4 Board (formerly the Wage Appeals Board). Write to:
5
6 Administrative Review Board
7 U. S. Department of Labor
8 200 Constitution Avenue, N. W.
9 Washington, D. C. 20210
0
1 4.) All decisions by the Administrative Review Board are final.
2 END OF GENERAL DECISION
